1. Choose who is the red numbered field and who is the blue numbered field
2. Plant your garden patches however you wish in your own field (decide in advance with your neighbors if diagonals are allowed!)
3. Take turns designating grid squares for your watering of the neighbor's yard... they will announce "thank you" if you water a plant or "drip" if you water nothing
4. Mark your progress and your neighbors' progress as you each proceed, turn-by-turn
5. The winner is whomever has successfully helped to water and grow their neighbors' entire garden first!

*Be kind, look out for one another, and stay safe out there!*
